Dear Mr. Benson:

Re: Tentative Approval, M/049/001, Keigley Quarry, Utah County, Utah

The information provided in your February 19, 1988 letter adequately addresses our remaining concerns at Keigley Quarry. The Division hereby grants tentative approval to the Keigley Quarry Mine and Reclamation Plan submitted by Geneva Steel. A summary of the plan will now be published in the local newspapers for a 30 day public comment period.

Geneva Steel will be required to post a reclamation bond within 90 days after the public comment period has elapsed. A preliminary reclamation estimate is enclosed for your review. The Division will substitute local contractors' rates into this estimate if three quotes are provided before May 20, 1988.

Please contact me or Frank Filas of my staff if you should have any questions or require additional information.

Sincerely,
